23. PART 3 - EVALUATION PROCEDURES AND BASIS OF SELECTION

23.1 EVALUATION PROCEDURES

METHODOLOGY

The evaluation of proposals will be divided into two (2) phases:

Phase 1: Pre-qualification check

The pre-qualification check requires verification of compliance with:

Hurdle requirements as described in the proposal document; Mandatory documentation – whether all required documentation and/or certification have been included.

Note: No points are allocated to this phase; however, proposals that do not meet the pre-qualification requirements will not advance to the next phase of the evaluation process.

Phase 2:

Evaluation of proposals based on Functionality and the BBEE Preference point system as criteria:

This phase of the evaluation is conducted in two (2) stages – first functionality will be assessed and then in accordance with 80/20 preference point system.

Stage 1: Evaluation of functionality

The evaluation criteria for functionality will consider the track record and experience, expertise of staff and proposed methodology of the proposer, as well as the Proposer's technical capacity and ability to execute and maintain a contract.

Note: No proposal will be considered further unless the minimum qualifying score/percentage for functionality has been achieved.

Stage 2 Evaluation in terms of the 80/20 preference point system

Only proposals that achieved the minimum qualifying score/percentage for presentation will be considered further in terms of the 80/20 preference point system.

The formulae to be utilized in calculating points scored for the preference point system are included in this document.

Stage 1 will be the calculation of points for price where the lowest proposal will score 80 points for price, while proposals with higher prices will score lower points for price on a pro-rata basis.

The following formula will be utilized to calculate the points for price in respect of proposals with a Rand value below R50 000 000 (all applicable taxes included):

$$P_s = 80 (1 - P_t - P_{min} / P_{min})$$

Where:

P_s = Points scored for comparative price of proposal or Proposal under consideration.

P_t = Comparative price of proposal or Proposal under consideration; and

P_{min} = Comparative price of lowest acceptable proposal or Proposal.

Note: No proposal will be considered further unless the minimum qualifying score/percentage for functionality has been achieved.

Stage 2: Evaluation in terms of the 80/20 preference point system

Only proposals that achieved the minimum qualifying score/percentage for Presentation will be considered further in terms of the 80/20 preference point system.

The formulae to be utilized in calculating points scored for the preference point system are included in this document.

Stage 3 will be the *calculation of points for the B-BBEE* status level of contribution where 20 points will be awarded to a proposer for attaining the B-BBEE status level of 1, and lower points will be awarded to proposer with lower B-BBEE status levels as per table below:

BBEE Status Level of Contributor	Number of Points
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

Note: Non-compliant contributors or failure to provide certification substantiating the B-BBEE status level of contribution will result in the Proposer being awarded zero (0) points for the preference point system.

The following evaluation method will be used:

- After the closing date of the bid invitation, appointed evaluation committee members of the University and possibly other external experts (when necessary) will evaluate the proposals of the bidders.
- The committee will individually evaluate each of the bid proposals received against the appointed criteria as provided for in Preferential Procurement Policy Framework Act of 2005 (As amended).

Prospective bidders must note the following:

- UNIVEN may request additional information, clarification, or verification in respect of any information contained in or omitted from the proposal. This information will be requested in writing.
- UNIVEN may conduct a due diligence on any Service provider, which may include interviewing customer references or other activities to verify a Service provider's information and capabilities (Including visiting the Service provider's various premises and/or sites to verify certain stated information and in this instance the Service) provider will be obliged to provide UNIVEN with all necessary access and assistance.
- UNIVEN may shortlist Service provider and may request presentations from short-listed Service provider.
- UNIVEN may enforce whatever measures it considers necessary to ensure the confidentiality and integrity of the contents of the Proposal.
- UNIVEN will evaluate the Proposals with reference to UNIVEN's set and approved evaluation criteria guided by the procurement policy as indicated. UNIVEN reserves the right to appoint a specialist/consultant to assist in performing such evaluations.

All proposals submitted will be evaluated on three categories:

- (I) Functionality (technical content)
- (ii) Price
- (iii) Rating of Company as per BBEE criteria

Bids are evaluated in accordance with the preferential procurement Policy Framework Act (PPFA) of 2011, using the 80/20 split.

Firstly, the assessment of functionality must be done in terms of the evaluation criteria and the minimum threshold value of 70 points. A bid will be disqualified if it fails to meet the minimum threshold value for functionality as per the bid invitation.

Thereafter, only the qualifying bids are evaluated in terms of the 80/20 preference points systems, 80 points will be used for price only and the 20 points are used for BBBEE criteria.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). ² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
