The University of Venda will continue to offer scholarships and tuition waivers to learners who would have been admitted to study in any of our programmes.

The University established this merit bursary fund to motivate students to perform better and to assist best performing and financially needy students.

The merit bursary will be offered to learners who obtain at least three or more distinctions. The allocation will be on merit basis. To ensure continued assistance in successive years, a student should obtain an average of 65%.

More information about the University of Venda Vice - Chancellor's Merit Bursary can be obtained from the Financial Aid offices in the old Administration building, or telephonically on 015 962 8333/8245.
