

FINAL ELECTION RESULTS

All objections received by the Independent Electoral Body (IEB) and the Registrar's Office, in line with Section 20.15 of the SRC Constitution, have been duly addressed.

It was further brought to the attention of the IEB and the Registrar that students who had recently graduated during the September graduation ceremony had participated in the voting process. The IEB obtained a list of all students who recently graduated, and conducted a system check against the certified voters' roll.

The audit confirmed that **142 graduates cast votes**—96 at undergraduate level and 46 at postgraduate level. These votes have since been removed, and the changes have been effected on the **Final Results** as updated below.
